Filizfidan Yapı

Since its establishment in 2001, Filizfidan Yapı has played a leading role in the construction and building materials sectors, signing off on numerous prestigious projects both in Turkey and internationally. The company offers a wide range of product groups including ceramics, sanitary ware, fixtures, bathroom cabinets, shower cabins, jacuzzis, and parquet, all of which are provided with high quality and aesthetic standards. Exporting building materials to Asia, Europe, and Africa, Filizfidan Yapı has secured a strong position in the international market. Prioritizing customer satisfaction, the company builds residences and villas with pool and sea views, integrating them into nature, thus turning living spaces into works of art, while also being environmentally friendly. These projects, which combine modern architecture with natural beauty, offer residents a peaceful and comfortable life. By offering sustainable and innovative solutions in building materials, the company has solidified its position in the sector. Keeping up with innovations, Filizfidan Yapı continues to shape the living spaces of the future, strengthening its leadership in the industry.
