ISVEA
ITALIAN GUSTO FOR 60 YEARS

These ancient lands, nourished by the generosity of the Mediterranean and enriching its inhabitants with the richness of its nature, constitute the heart of human journey to the better and the beautiful since antiquity.

+60 ANNI

GUSTO
ITALIANO

This geography, where the good and the beautiful were bequeathed with the fire of the Renaissance, is the source of our search for the aesthetic in everything we own today.

It has brought the world the people who seek refinement on the fertile lands of the Italian peninsula with the fascinating Italian cuisine blended with the generosity of the Mediterranean. The quest to spread aesthetics to the whole of life has led to the transformation of an architectural understanding that has embraced human beings since time immemorial into an Italian architectural understanding that responds to the functional and aesthetic needs of modern man. The cultural values that these lands have accumulated almost throughout human history have shaped the way modern people dress and the appearance of the objects they need. The practice of reflecting on the human with the Renaissance is the source of today's practice of aestheticizing human values and needs.

This land where ISVEA was born, grew up and spread around the world is the source of a refined taste, i.e. the Italian gusto. We have been developing and sharing what this gusto has given us with the world for **60 years**. With each passing day, we want to share an inspiring world for people by creating unique, bold and stunning products that are more and more captivated by this refined taste.

This is our 60th year in this land where the heart of good and beauty beats.

ISVEA INFINITY COLLECTION

The INFINITY collection, which has a natural and minimalist look with its soft lines, is an endless series that evolves and continues, born from the combination of Isvea's 60 years of production adventure with Italian design aesthetics...

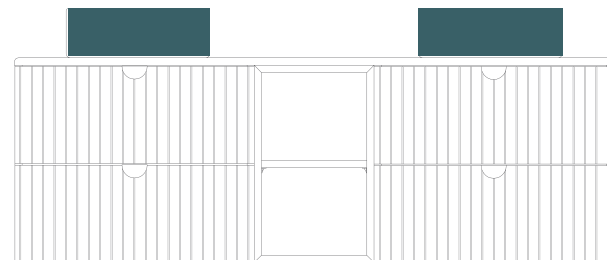

“

“INFINITY, which has a minimalist look with soft and clean lines in every element, as the name suggests, refers to an infinite series where curves, straight lines and fluid shapes gain a different meaning and become aesthetic and useful objects in the bathroom. It evokes a continuous transformation...”

WAU Architetti

The series consisting of wall-hung toilets, wall-hung bidets and countertop washbasins is designed for those who want to make free choices in their bathroom with the form, color and size alternatives it offers.

INFINITY, which offers 10 different color alternatives with a sophisticated color palette #COLORISVEA bearing the signature of WAU Architetti, ISVEA's Turin-based design partner, inspires those who want to go beyond the usual colors while designing their bathrooms.
